Evo Roll Series

Mobile Digital A-Frame

Evo Roll & Evo Roll Pro

Part Numbers: CDS-MBLDS-EVOM (Evo Roll); CDS-MBLDS-EVOH (Evo Roll Pro)

Destination: unknown, but we're rolling out in style.

Clear Digital® has created two stunning, mobile A-frame displays that communicate your message with clarity. These two solutions have it all - from the water and impact resistance of its steel frame to the 10-hour battery life and easy setup, storage, and transport. These displays are also powered by an Android operating system, providing a user-friendly interface. Experience the Evo Roll for stunning indoor visuals or the Evo Roll Pro for all-weather brilliance.

Features:

Vivid Brilliance: 43" screen HD quality display

Dynamic Sound: Built-in speakers 2 x 5W

Rugged Durability: Water & impact resistant

Pure Simplicity: USB content upload

Long-Lasting Battery: 10 hours run time

Applications:

Cafes • Hotels • Museums • Theme Parks • College Campuses • Parks • Food Trucks • Parking Lots • Drop-off • Schools

Vue II

Video Wall

138", 165", & 220"

Part Numbers: CDS-VUEVW-138P-P15-V2; CDS-VUEVW-165P-P19-V2;
CDS-VUEVW-220P-P25-V2

Larger-than-life screens are impossible to ignore.

Clear Digital® presents Vue® II Video Wall, a striking LED display that features our LED-protective PixelGuard™, ideal for high traffic areas with its protective coating that shields the LEDs from impacts, water, and dust. Our display is front serviceable thanks to easily removable tiles that click into place. Each tile has auto-calibration and automatically matches colors with the tiles next to it once reinstalled, leaving no visible seams between tiles.

Features:

Vivid Brilliance: HD quality display

Massive Screenspace: Three sizes up to 220"

Fast Turnaround: Average 45 day delivery

Slim Design: 38.5 mm thickness on all sides

Easy Access: Modular setup & front access

Applications:

Conference Stages • Lobbies • Auditoriums • Meeting Spaces •
Stadiums • College Lecture Halls

Gel

Sanitizing Station

Part Number: CDS-GELDS-22NT

Clean and clear communication across all content.

Protect yourself and others from germs with the Gel. This innovative device dispenses hand sanitizer without any contact, so you can avoid touching contaminated surfaces. Place the Gel in busy locations, such as doorways and bathrooms, and use its HD screen to share vital information, such as announcements, schedules, hygiene tips, and more. The Gel helps your organization stay informed and safe.

Features:

Vibrant Visibility: 21.5" LED screen, 1080p HD resolution

Sanitary Convenience: Touch-free dispenser & large reservoir

Consistent Delivery: Dispenses up to 2.6 ml of sanitizer

Versatile Display: Mount to a wall or utilize a stand

Remote Content Management: Use the Clear Digital® Sho®

CMS software or one that supports APK (Android) software

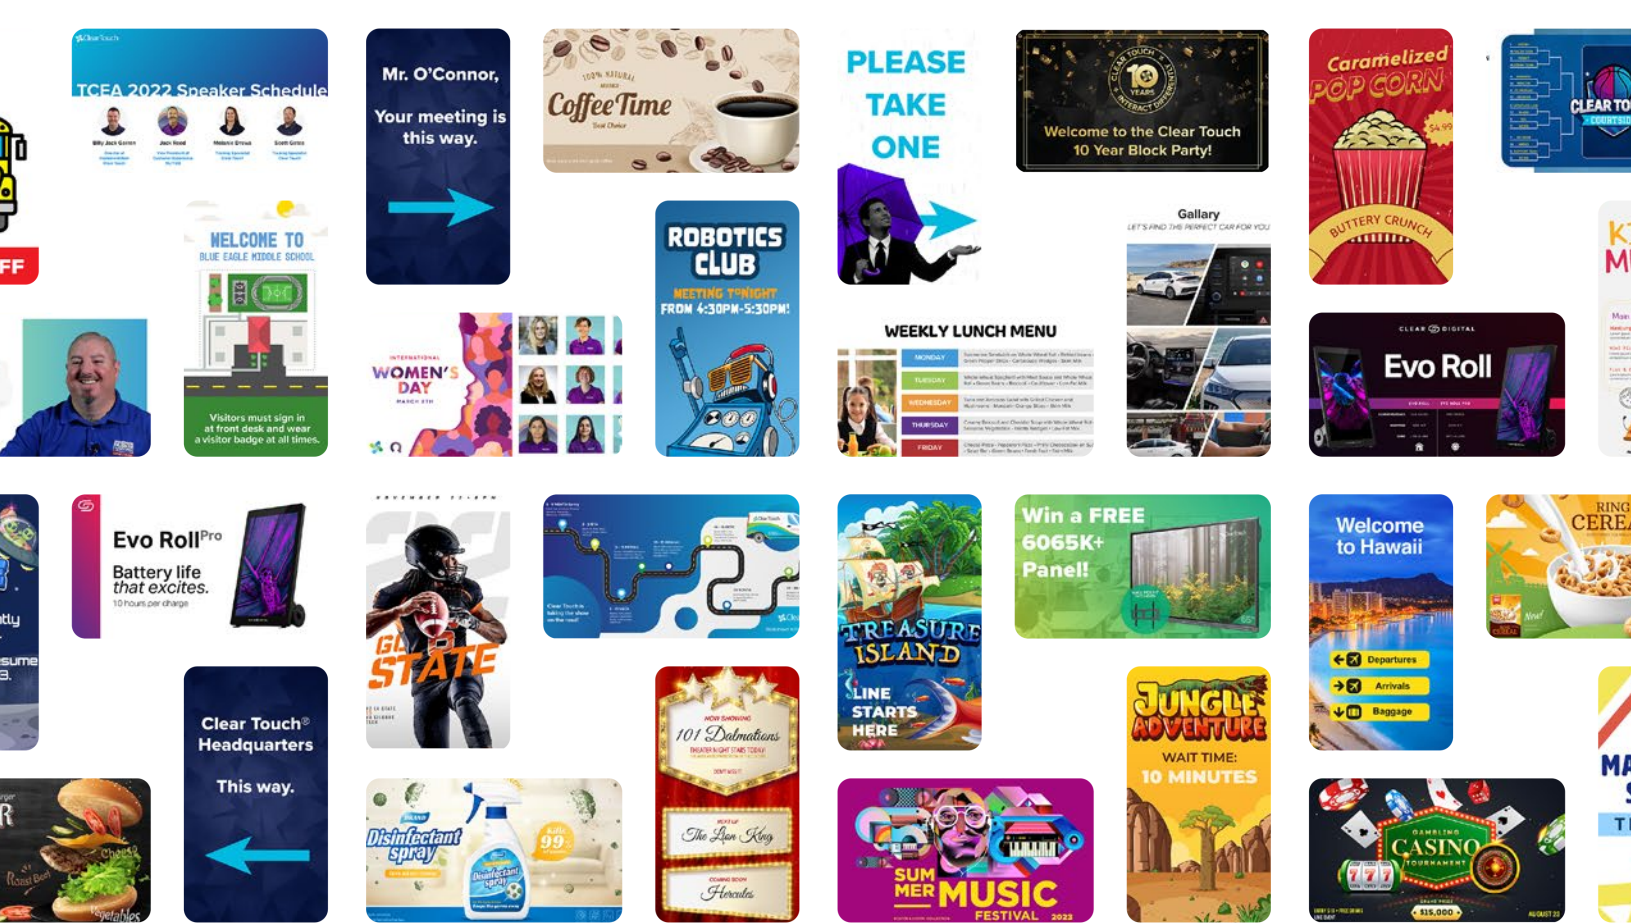

Applications:

Classrooms • Hallways • Front Offices • Hotel Lobbies • Grocery Stores • Stadiums • Gymnasiums • Special Events
